About Us

Established in the year **1991**, we, “**BGM Industries**”, are one of the trusted organizations engaged in importing, manufacturing, supplying and exporting a wide range of Edge Cutting, Block Designing & Polishing Machines and Oscillating Heads. Under the offered range, we have **Vertical Block Cutter**, **Granite Block Cutter**, **Block Cutter Machine**, **Profile Milling Cutter** and **Line Calibrator**. In addition to this, we have **Block Designing Machine**, **Granite Polishing Machine**, **Hand Polishing Machine** and **Hand Polisher Mini**. To ensure the outstanding features of the offered machines and oscillating heads, we manufacture these by making use of best grade raw material and other components. Moreover, we source these edge cutting machines from quality-oriented vendors to ensure the same. Prior to dispatch, our quality controller check these machines and oscillating heads on varied parameters so as to ensure their compliance with universally accepted quality standards. The parameters on which we check these machines and oscillating heads are longer service life, less power consumption, reliable performance, low maintenance and precise design. We are also engaged in work of assembling, manufacturing and fabricating of spare cleaners. Along with this, we design, sell, deal, fabricate, repair and alter the machines that are utilized in finishing and polishing of granite stones. To carry out the smooth execution...
