**Bhagat Engg. Works** is a prominent **Manufacturer** and **Exporter** of Steel Tube Mill, SS Tube Mill Machine, and Pipe Straightening Machine.

## About Us

Established in the year **2000**, we “**Bhagat Engg. Works**” have established ourselves as a prominent manufacturer and exporter of a reliable range of Steel Tube Mill, SS Tube Mill Machine, and Pipe Straightening Machine. Manufacturing using superior quality raw-material procured by the trusted vendors of the market, these products are designed in compliance with international quality standards. Further, these products are widely used in various applications in different industries. Owing to their resistance to corrosion, longer service life, and superior quality, these products are highly demanded by the customers. We export our products to Nepal and Sri Lanka.

Backed by a team of competent professionals, we are able to manufacture, and export quality-approved range of products. Our expert professionals rigidly test these products on various parameters to ensure flawless range of products. They manufacture these products in strict compliance with the national quality standards. Further, they ensure to deliver these products to the customers within the stipulated time frame. For the convenience of the customers, we provide customized solutions to the clients as per the demands of the customers. Owing to their corrosion resistance, excellent performance and longer functional life, these products are highly demanded by the customers. Contact at the details provided.

Under the visionary guidance of our mentor, '**Mr. Krishan Lal...**
