Bharat Tool Steel Syndicate

<https://www.indiamart.com/bharat-tool-steel/>

We are a prominent firm involved in supplying and trading of Steel Products and Bright Bars. Our assortment of products is highly appreciated for its attributes such as high tensile strength, rust resistance and longer functional life.

About Us

Incorporated in the year **1965**, we '**Bharat Tool Steel Syndicate**' are an outstanding **supplier and trader** of an exclusive gamut of **Steel Products and Bright Bars**. We have positioned ourselves as the leading name in the Gujarat owing to its flawless steel trading activities. We are also supported by our **sister concern** which is known as **Bharat Alloys Corporation**. Our range of products are widely preferable for their attributes of scratch resistant and corrosion resistant features. These products are extensively used by varied industries like leading tool makers, engineering units, forging units, small scale industries, machine tool factories, textile industries, plastic industries, construction and manufacturing industry. The firm is specialized in offering superior quality bright bars and alloy steels. Our steel products are well-known in the market for their durable nature. These products are capable of providing highly efficient services for a long term, without any problem. We offer our range in a variety of sizes and shapes as per the clients specification including round, square, flat, hexagon, plates, block, sheet, etc. Owing to our painstaking efforts, we offer our clients a superior quality range of products to the clients. These products are offered as per the clients specification, which has enabled us to carve a niche in this domain. The firm is well backed by diligent team, which we have recruited. These...
