About Us

Bharat Power Line is a name to be reckoned with in market for offering quality products. We are a **Sole Proprietorship** firm which came into formation in the **year 2009** and located at **Howrah, West Bengal**. The organization has involved itself into various works which include **manufacturing, supplying and exporting of Electrical Fuse, Pin Insulator and many more**. The products we are offering are highly reliable which makes them very popular and in demand all over the globe. Excellent performance and long functional life offered by these products enhances their demand further. Our technocrats are seasoned in manufacturing a range which is accurately engineered meeting the exact needs of clients. Moreover, our quality team ensures to test the efficiency of the complete range in a very stringent manner. Our organization has progressed by leaps and bounds under the experienced guidance of **Mr. Yasin Md. (Proprietor)**. His dynamic approach and immense farsightedness helps us to make decisions which have proven a great boon to the progress of organization. He not only makes strategic plans which are known for their merits but also assists massively in day to day functioning of the organization, owing to his this habit he is a very popular amongst his subordinates. The firm has progressed at great pace and our manufacturing unit has played a significant role in making this happen. Our...
