Being a trusted name we are engaged in manufacturing, supplying, importing and exporting Health Care Products. Offered products are used widely as capable of giving accurate results and having easy to use features.

## About Us

**Bhat Bio-Tech India (P) Ltd** was incorporated in the year **1994** and carved a niche as the known manufacturer, exporter, supplier & importer of Health Care Products. We have introduced Rapid Test Kits, Elisa Test Kits & Serology Test Kits. Our products are widely known for the features such as superior quality, reasonable prices. Manufactured from superior quality material our range stands high in terms of quality.

We are supported by the team of trained and skilled staff, having years of industrial experience in the respective domain. Our team consists of Quality Assurance, Manufacturing, R&D, Finance, Administration, HR, Warehouse, Sales and Marketing. Seminars, Workshops and Training sessions are arranged by us on regular basis, so that we can keep our professionals aware of the current market trends. Hi-tech infrastructural facility is developed by us, which enable us to carry even bulk production with great ease. Machines based upon modern technology are installed in our manufacturing unit, which ensure smooth and prompt production in minimum time frame. Besides, these machines are sent for servicing on regular basis, in order to enhance their service life. Our infrastructure is segregated into varied units such as quality testing unit, R&D unit, manufacturing unit, administration unit and a spacious warehouse.

**Dr. Shama Bhat** has guided us to achieve the pinnacle of success. His dedication and hard work has made us...
