# Bhuvneshwari Engineers

<https://www.indiamart.com/bhuvneshwariengineers/>

Our team of skilled and trained professionals has enabled us to Manufacture and Supply wide assortment of Cylinder Liner and Cylinder Sleeve. These products are widely demanded for their dimensional accuracy, sturdiness and anti-corrosiveness.

## About Us

Incorporated in the year **1993**, in **Rajkot (Gujarat, India)**, we “**Bhuvneshwari Engineers**” are the reckoned **Manufacturer** and **Supplier** of supreme grade **Cylinder Liner** and **Cylinder Sleeve**. These products are precisely engineered under the surveillance of trained professionals using high grade metal alloy with the help of cutting-edge moulding machines in compliance with set industry norms. Moreover, these products are checked for their quality on series of quality parameters before being supplied to our clients. Our offered products are made available in different specifications of sizes and dimensions for our clients to choose from. These products are widely used as central working part in reciprocating engine and piston of various mechanical and automotive devices. The offered products are widely appreciated by our clients for their enormous features such as rugged construction, anti-corrosiveness, seamless finish, sturdiness, easy installation, dimensional accuracy, abrasion resistance and durability.

In order to manufacture these products, we have setup a sophisticated infrastructure unit that is spread over a large area of land. This unit is facilitated with modular machines and tools that enabled us to increase production rate with high level of efficiency. Further, we have classified this unit into different functional departments such as manufacturing, engineering, designing,...
