Biomax Scientific Instruments Company

<https://www.indiamart.com/biomaxscientific-instruments/>

Exporter of laboratory fume hoods, laboratory seed germinator etc.

About Us

Established in the year of 2013, **Biomax Scientific Instruments Company** has made its mark owing to its determination and commitment towards complete satisfaction of clients. The entire business activities are headed by **Mr. Avdesh Kumar**, the Owner of the company. Owing to his remarkable enterprising acumen the firm has successfully established itself as an Exporter and Supplier in the region of Delhi.

Our Team

Our capability of providing excellent Laboratory Equipment lies in our team. Our team consists of such members who have deep knowledge about the lab instrument. Owing to their experience and knowledge, we are able to meet clients with quality tested and approved products.

Warehouse

In order to meet urgent demands of the clients, we have developed a sound warehouse unit. The unit is enough spacious to store Laboratory Equipment in bulk, enabling us to cater demands on time. Further, our fully computerized warehouse enables us to keep record of inventory.
