We are counted as one of the reckoned manufacturers and suppliers of a comprehensive assortment of Wooden & Metallic Furniture. These products offered by us are widely used in domestic and commercial sectors.

About Us

Established in the year, **1990**, we, “**Bir Metal Systems**”, are one of the reckoned manufacturers and suppliers of a wide array of **Wooden & Metallic Furniture**. The products are exclusive in designs and are at par with the latest trends prevalent in the market. Besides, our products are offered in customized options so that the clients can avail their most preferred products. We are a sole proprietorship firm and are manufacturing a wide array of office and college furniture using finest quality wood and metal. With the help of our latest manufacturing unit, we are able to promptly deliver huge requirements of the clients in a promised period of time. Our professionals make sure that all the resources in our manufacturing unit are fully utilized. Besides, their efforts have also helped us to understand the varied demands of the clients and meet them effectively. We also on site services to our clients and undertake contract manufacturing in terms of designing. Furthermore, with the help of our logistic support, we are able to timely deliver the products through different means of communications. It is due to the efforts of our mentor, “**Mr. Pankaj**”, that we are widely flourishing in our business activities. He has motivated us to understand the needs & demands of the clients and meet them satisfactorily.
