Brahmendra Heaters

<https://www.indiamart.com/brahmendraheaters/>

We have acquired distinct position due to our ability of manufacturing and supplying a technically advanced array of Hydraulic Heaters, Industrial Heaters and more. Our products are highly preferable among the clients for their matchless quality.

About Us

Technological advancement has led to the rapid growth of industries, therefore using these technical changes, we, **Brahmendra Heaters** have rise as the most prominent name in this challenging industry. The company has started their operations in **1989** as a **Sole Proprietorship** firm, since then, we are involved in **manufacturing and supplying** a wide array of all type of **Industrial Heaters like Mica Band Heaters, Ceramic Band Heaters, Catridge Heaters, Tubular Heaters, Industrial Thermocouples, Industrial Load Banks**, and many others. All our product range is manufactured using premium quality raw material as well as branded components, which we procure from the reliable vendors of industry. Moreover, we have incorporated advanced production technology to stay in line with the growing market challenges and to enhance our manufacturing capacity. We also provide customization solution of these products, as per the clients' specifications. As a result, we have garnered their large support and are also getting their repeated orders. Our products are acknowledged among the clients for their remarkable quality and matchless features, which include superlative performance, easy operations, excellent functionality, longer service life, reliability and many others.

We are growing leaps and bounds, under the intelligent guiding principles of our company's commendable manager **Mr. S. M....**

IMMERSION HEATERS

Our Product Range

Kettle Immersion Heaters

Silica Cased Immersion Heaters

Industrial Immersion Heaters

Cooking Oil Heaters

TUBULAR AIR HEATERS

Our Product Range

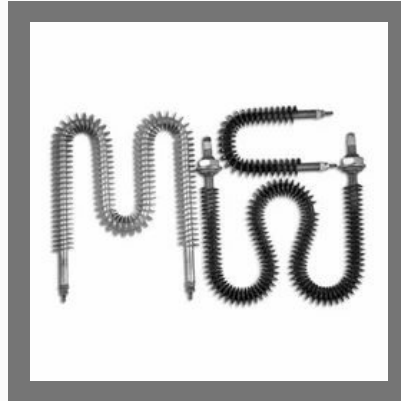

Air Duct Heaters

Industrial Air Duct Heaters

Single Ended Tubular Air Heaters

Finned Tubular Heaters

TEMPERATURE SENSORS

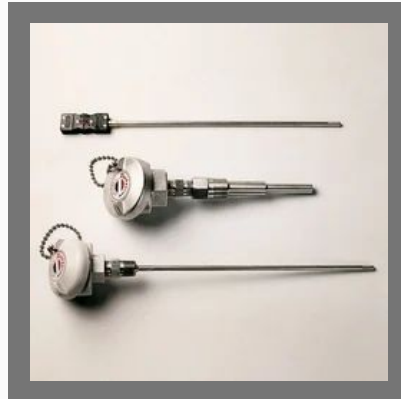

Resistance Temperature Detectors

Horizontal Forced Air Convection Ovens

High Temperature Thermocouples

Industrial Thermocouples

BAND HEATERS

Industrial Band Heaters

Air Cooled Ceramic Band Heaters

Mica Band & Nozzle Heaters

Power Saving Heaters

INDUSTRIAL THERMOCOUPLES

Our Product Range

Type PT Thermocouples

Flexible Thermocouples

Thermocouples Elements

Type J Thermocouples

INDUSTRIAL HEATERS

Our Product Range

Metal Casted Heaters

Porcelain Heaters

Drum Heaters

OTHER PRODUCTS:

Water Immersion Heaters

Custom Built Heaters

Ceramic Band Heaters

Type K Thermocouples

OTHER PRODUCTS:

Load Banks

Resistive Load Banks

Lube Oil Heaters

Process Water Heaters

Factsheet

Year of Establishment : 1989

Nature of Business : Manufacturer

Total Number of Employees : 11 to 25 People
