We are a renowned Manufacturer and Supplier of wide range of Steel Strapping Seal, Sheet Metal Die, Jig and Fixture and Receiver Gauge. These products are appreciated due to their remarkable features.

## About Us

Founded in the year **1997**, we "**B.S. Enterprises**" are leading **manufacturer** and **supplier** of premium quality assortment of **Steel Strapping Seal, Sheet Metal Die, Jig and Fixture** and **Receiver Gauge**. Our provided components are extensively demanded in engineering, machinery production, automotive and other similar industries. These components are manufactured in compliance with industry set norms from well tested raw material and cutting edge technology. The components provided by us are acknowledged among the clients due to their sturdiness, precise dimensions, excellent strength, simple installation and rust resistance. We provide these components in variety of sizes, shapes and dimensions in line with clients' ever-evolving needs. Being a quality-focused company, we assure our clients that these components are rigorously checked on numerous parameters by our quality controllers.

To fulfill the different needs of the clients in a timely manner, we have constructed a robust and advanced infrastructural unit that is situated at **Faridabad (Haryana, India)**. This infrastructural unit covers a broad area and assists us in the manufacturing of premium quality components in large quantity. Well resourced with the essential amenities, all these departments are properly divided into several departments like R&D, sales, quality testing, procurement, admin, manufacturing, packaging, transportation, etc. All these...
