About Us

Established as a **Partnership** firm in the year **1993**, we “**Comet Industries**” are a leading **Manufacturer** of a wide range of **Worm Gearbox, Reduction Gearbox, Helical Gearbox**, etc.

Established in 1993 Comet Industries, has today become a leading name in manufacturing, supplying and exporting of Precision Gears used in Industrial GearBoxes, Power Tools, Machine Tools and Automobiles. Mr. Ketan Shah and Mr. Rashmikant Shah have been the pillars that have founded the company and made it a pioneer in the Gear Industries with their ‘Power Drive’ brand. Power drive is known for its quality and performance as well as Precision Gears, Gear Shafts, Worm Gears, Starter Motor Shafts and Power Tool Components. With consistent commitment to superior quality and robust performance, our products are designed to precision with components of exact specifications that are perfect for your manufacturing processes. Our manufacturing units are equipped with modern state-of-the-art CNC machines and other infrastructural equipment to product precision gears to meet the quality standards. We also have inhouse manufacturing of Shaft and Blank Turning as well as Gear Hobbing, Heat Treatment, Cylindrical Grinding, Gear Teeth Profile Grinding all under one roof. Our products are designed and manufactured according to National Standards so that they perform satisfactorily under any tough conditions. Our wide range of products include Worm Gearboxes,...
