

IMFP the domiciled SPV Vehicle proposes to promote the project to leverage the incentives under the Mega Food Park Scheme launched by Govt of India MOFPI.

About Us

Indus Mega Food Park was incorporated in November 2011 with its main focus in providing a good value chain in the food processing sector. The Company is setting up a Mega Food Park (MFP) at khargone . The Mega Food Park (MFP) is conceptualized as a food processing infrastructure facility providing world class infrastructure and technology to the enterprises engaged in the food processing industry. The Mega Food Park will provide a platform for establishing backward and forward linkages covering the entire food processing value chain and implement best practices in post -harvest management. The plug and play facilities will allow entrepreneurs to access the best and latest equipment, know-how, best practices and quality control standards.
