Our dedicated and efficient team of experts ensures to maintain a high level of customer satisfaction. We are pleased to inform you that we are Printers of Aluminium Foil, Blister Foil and Three Ply paper foil. We have 24 inch **Four colour** printing machine, **32 inch six colour** printing machine and a 1000mm **slitting machine**, operated by skilled operator we have enough Production capacity to fulfil your requirements. Gravure printing is an example of intaglio printing. It uses a depressed or sunken surface for the image. The image areas consist of honey comb shaped cells or wells that are etched or engraved into a copper cylinder. The unetched areas of the cylinder represent the non-image or unprinted areas. The cylinder rotates in a bath of ink called the ink pan.
