Conceptronics

<https://www.indiamart.com/conceptronics/>

We are leading the industry due to our ability of manufacturing, trading and supplying a technically advanced array of Fire Detection System, Micro Controller Pump and others. Our all endeavors are dedicated to satisfy clients immensely.

About Us

Established in the **year 1998**, we, **Conceptronics** have always endeavored to satisfy clients immensely. We have commenced our business as a **manufacturer, trader, supplier** and system installer of a comprehensive range of **Addressable Fire Alarm, Fire Alarm Panel, Fire Detection System** and many more. We are a quality centric firm; therefore, strive to provide our respectable clientele only products, which are best in terms of excellence, reliability and performance. Our brand name is **Cosmos** and our complete product range is designed as well as developed using superior grade raw material, which is procured from the most trustworthy vendors of industry. We keep ourselves in tune with the growing challenges and developments of industry and for this advanced manufacturing technique have been adopted by us. Since we came into existence, total client satisfaction has always been our prime concern. We have directed our all endeavors towards it and provide solutions according to the exact demands of clients. Our products are applauded for outstanding features such as accurate dimensions, longer service life, precision engineering, optimum performance and many others. As a result, we are getting frequent orders from respectable clientele.

Our entire business activities are performed under the skilled guidelines and astute leadership of honorable proprietor **Mr. Avijit Sengupta**. With his sound domain expertise, rich industrial experience,...
