CT Control Technology (India) Private Limited

<https://www.indiamart.com/control-technology/>

We are one of the leading manufacturers of Special Purpose Electronic Instrumentation Systems. These instruments are used for measuring & controlling physical parameters like weight, vibration, pressure, level and temperature.

About Us

Established in the year 1991, **Control Technology (India) Pvt. Ltd.** is one of the most distinguished manufacturers of Special Purpose Electronic Instrumentation Systems that are used for measuring & controlling physical parameters like weight, vibration, pressure, level and temperature. Buoyed by an overwhelming client response, we established a new company, in the year 2008, CT Control Technology (India) Private Limited, which is registered with the Registrar of Companies, Bangalore.

Our entire range of instruments is well known for its features like precision, reliability and user friendliness. We use latest designing methodologies and advanced technologies for manufacturing a flawless range of measuring & control instruments. In addition, our experts also undertake projects on a turnkey basis and offer installation & commissioning services to the clients. All our operations are as per the environmental and EMI/EMC standards. Some of the prominent names in our long list of clients includes Hindustan Aeronautics Ltd., Helicopter Division, Bangalore, Indian Navy, Mumbai, ASTE (Indian Air Force), Bangalore, CPRI, Bangalore and Indian Railways.

Under the inspiring leadership of our Managing Director Mr. Dinesh Kumar, we have set new milestones in the industry. The MD has a B.Sc (Engineering) degree from REC, Calicut and a PG Diploma in Electronic Design Technology from IISc, Bangalore. His 20 years of rich experience and the competence...
