We are one among the eminent manufacturers, suppliers and exporters of a comprehensive range of Industrial Mixers and Food Processing Equipment. Our range finds applications in several industries such as Food Processing and Beverage.

About Us

Established in the month of August in 1982, “**Conveying Machines Manufacturing Company**” certified by ISO 9001:2008 , is one of the leading organizations, engaged in manufacturing, supplying and exporting a wide assortment of industrial mixers and food processing equipment. Our range consists of universal mixers, high speed mixer, screw blancher, steam jacket kettle and manufacturing vessels. We design all our products, using premium quality raw material to ensure that these meet industry standards & norms. Initially, we started our business operations with the aim to manufacture high quality conveyor for fulfilling the diverse requirements of several industries like paints, ink, food, pharmaceuticals, mining, cosmetics and beverage. We have expanded our business horizons and started manufacturing different food processing equipment & mixers to meet the requirements of our prestigious clients. Further, we have developed a well-equipped R&D department, which helps us in improving our range of products on regular basis with the change in demands of our esteemed clients. Apart from this, our team of expert professionals also enables us to export our range to **Indian Subcontinent** to fulfill the needs of our international customers.

Under the able and efficient guidance of our mentor, “Mr. Manoj Ganguly”, who has a rich experience in this domain, we have established a strong foothold in the market. His ethical...
