Cool Palace & Company

<https://www.indiamart.com/coolpalacecompany/>

Cool Palace & Company is one of the leading **Manufacturers** of **Cooling Systems**. All these energy efficient products are widely demanded in industries and other places for cooling and ventilation purposes.

About Us

Our unit, **Cool Palace & Company** was settled in the year **1998**. Since the incorporation, we are extremely engaged in manufacturing of **Centralised Air Cooling System, Kitchen Hood, Blower Ducting, Centrifugal Inline Fan** and many other systems. All offered electrical products are accepted at industrial and medium sized commercial places to provide ventilation and cooling to the place. These products are offered to patrons in many technical specifications. Also, we offer customization facility to consumers to opt ducting as per their requirement. Consumers can avail our air cooling systems in lesser time and at affordable charges. Additionally, all these products are used in residences, hotels, laboratories and different industries.

We have skilled mechanical and electronic engineers who have much expertise of their respected area. Professionals work hard to construct these cooling systems keenly to avoid any leakage and imperfection of the devices. Our obtainment experts acquire raw electronic component from the genuine retailers available in the market. We have fixed new technology immersed machinery in our production unit to embed high dimensional accuracy and optimum working in all our cooling systems. Moreover to this, these products are offered to the consumers in different sizes along with customization facility.

Under the skilled management and leadership of **Mr. Vinod Thombre/Mrs. Pratima Thombre** we are...
