<https://www.indiamart.com/creativeengineering/>

We are one of the renowned manufacturers, suppliers and exporters of a wide range of movable and relocatable porta-cabins. Our range of cabins is reckoned for their features such as flexible and easy assemble designs.

## About Us

Incepted in the year 2006, **Creative Engineering Services** is engaged in manufacturing and supplying wide range of movable and portable containers and cabins. We offer a wide range of flexible and easy to assemble self built porta-cabins, which can be specifically customized as per the requirements given by our clients. We are drawing an impressive turn over and are determined to make our reach higher in coming time. We rest our backs on the two sturdy pillars of our organization that are our state-of-the-art manufacturing facilities and our skilled work force. Backing on these, we have successfully catered to diverse industries and answered their varied industrial challenges. We have managed to achieve a remarkable number of clients that are spread all over the country. We have won their admiration and trust with our dedication and perseverance which accounts for repeated business deals between us. We make sure that we offer nothing but the best to them and reach the level of expectations set by them. After establishing a strong feet hold in the domestic market we now aim to venture across the international arena. Our mentor, **Mr. Vivek R. Tongaonkar** has been incessantly guiding the company with his rich industrial experience. His understanding related to this sector has helped us to manufacture wide range of qualitative porta-cabins.
