We manufacture, export and supply an exotic range of natural essential oils, fragrances and aromatic chemicals that have wide application in food, perfumes and oils. Our herbal based products have international acceptability.

## About Us

For over two decades, our organization, **Crystal Aromatics**, have been offering high end aroma therapy products to clients spread across industry verticals. We have in our collection nearly 150 varieties of essential oils. Their extensive application as base ingredient or fragrance enhancing channel have made them highly sought after among our clients. With people veering towards natural, herbal based products, in recent years there has been a marked progress in our client profile. Since our inception in the year **2000**, there has been a steady increase in the number of our clients. Along our growth pattern, we have simultaneously worked towards upgrading our product and quality range. With the expertise of our professional team who have in depth knowledge about this exotic domain we have never been in want of ideas to upscale our products. Our clients, both domestic and international have provided us with the motivation to improve our performance to a higher pitch. Our highly advanced manufacturing unit has all the provisions meet large scale demands of our clients...
