

# Cybercom Data Systems

<https://www.indiamart.com/cybercom-data-systems/>

We are a reputed service provider offering services for Computerized Financial Accounting and Inventory Management. Our job-oriented courses integrate balanced theories, practical sessions and individual attention.

## About Us

Established in the year **1999**, '**Cybercom Data Systems**' is an acknowledged service provider for implementation of projects for **Computerized Financial Accounting and Inventory Management**. Working as a sole proprietorship firm, we have successfully conducted varied courses that have helped our clients in excelling in their respective fields. The module of these courses has been devised keeping in mind the current demands in the market. Some of the CA students who have availed our course have given rave reviews for the same. For corporate training purposes, we have installed more than 50 computers in our organization. Our systems are quipped with highly developed training tools such as O.H.P., L.C.D. Projector and Student-Teacher mode through LAN. Every student is given detailed study material and immediate response to any kind of query. We are flexible with the timings & batches for these courses to meet the demands of our working professionals. Course fee can be paid via cash or cheque, to avoid any hassle-free monetary transactions. Our organization is headed by '**Mr. Vinayak**'. Having a sound knowledge of computer systems, he understands the intricacies of the course. Moreover, he coordinates with the faculty and puts efforts for enhancing the course effectiveness.
