About Us

Established in the year 1939, at Gujarat, India, we “**Darbar Belting**” are prominent leaders in **manufacturing** and **exporting** a wide variety of **industrial rubber belts**. In addition, we also provide various **services** including installation and maintenance of these belts. Our offered range comprises **PU timing coated belt, Special V-belt, Timing Belt** and **Pu Coated Timing Belt**. These are the rubber banded belts that find broad usage in textile industry and in various conveying applications. We manufacture them in different diameters, thickness, length, sizes and other technical specifications. In our organization, we have a huge quality check unit that is furnished with latest technology and sophisticated machines t which starts from Starting from the raw material acquirement up to finished product dispatch, our quality controllers make it sure that there is uniformity and superiority in the quality of products. We use high grade materials like PVC, PU, PE, Silicon and Teflon, to provide final coating on the belts, thus making them abrasion proof and long lasting. Guided by our pioneer **Shri Sumersingh S. Champavat**, and our present MD **Mr. Vijaysingh S. Champavat**, we have succeeded in becoming the world leader in manufacturing and exporting an extensive range of industrial rubber belts. With their rich industrial experience and in-depth knowledge in business, we have been...
