We are acknowledged as one of the reputed trader of a comprehensive gamut of surgical equipment. These products are used in various surgical applications and stand high in terms of quality and reliability.

About Us

Established in the year **2004**, we, “**Darshan Surgicals**”, are one of the notable traders of a wide assortment of **Surgical Equipment**. These products are extensively acknowledged in the market for their reliability and quality. Besides, these products are accessible in various sizes and specifications as per the required application. We also provide effective services like maintenance and repairing of these products. Our expertise and experience have enabled us to emerge as one of the leading organizations in the country. Initially, we started distributing Scholly Surgimedik (surgical disposable products), Triage System (refinished gastro scopes) and other local and globally recognized surgical products. At present, we have a list of rich vendor base, who provide us premium quality Surgical Products. Besides, we have a team of qualified and competent professionals, which is well versed with the market trends and strive hard to meet the specific needs and demands of the clients. Our mentor, ‘**Mr Alpesh Patel**’, is a hard core business man. With other vested interest, he joined hands with, ‘**Mr. Dharmesh Dedhia**’, a commerce graduate and a post graduation in international business. Both of them formed the organization with an aim to meet the wide demand of surgical products and instruments of paramount quality. They started their venture from Gujarat and then went to Mumbai. Owing to their...
