

Datson Projects Pvt. Ltd.

<https://www.indiamart.com/datsonprojects/>

Datson Projects Pvt. Ltd, Today, is the most trusted name in the Design, Engineering and Supply of Complete Automation System including PLC, SCADA & Electrical Control Panels.

About Us

Datson Projects Pvt. Ltd. have worked on systems and instruments of all majors like **ABB, ROCKWELL, GE FANUC, SIEMENS, EUROTHERM, SCHNEIDER, HONEYWELL, INVENSYS** etc. We also have an in-house facility for manufacturing Control Panels and Electronic Interface Systems which enables us to cater to any customer-specific application. Datson has project managers and system engineers, **experienced in implementing turnkey process control systems** using DCS and PLC, SCADA covering industry sectors including Synthetic Fibers, Polymers, Power, Refinery, Oil and Gas, Petrochemicals, Fertilizer, Chemicals, Pharmaceuticals, Steel etc. Our project managers have worked on all major DCS/ PLC systems right from the stage of Concept to Commissioning.

Activities we specialize in include :

- Design, engineering and Supply of complete Automation System including PLC, DCS, SCADA, Instruments, AC Drives, Servo Drives, Electrical Control Panels etc.
- Manufacturing of all types of Electrical Control Panels including MCC, PCC, Power Distribution boards, PLC /DCS cabinets, Marshalling / Relay panels, VFD Panels, Thyristor Control Panels
- Development of PLC /DCS program
- Development of DCS /SCADA Screens and graphics
- Generation of various reports
- Design of relay logic, control panel wiring
- Software Development & Commissioning of Programmable Logic Controller, DCS

We feel...

AUTOMATION SYSTEMS

Our Products

Distributed Control Systems

Thyristorised Heater Control Panel

Console Control Desk

PLC System

ELECTRICAL CONTROL PANELS

Our Products

Motor Control Center Panel

Draw Out MCC Panel

Local Control Station

OTHER PRODUCTS:

SCADA System

Variable Frequency AC Drive

Flame Proof Panels

Control Panels for Electrical Industry

OTHER PRODUCTS:

Control Panel for Power Plant Industry

Control Panels for Electronics Industry

AC Drive

Factsheet

Year of Establishment	: 1989
Nature of Business	: Manufacturer
Total Number of Employees	: 26 to 50 People
