## About Us

We "deeba international" are among the fastest growing companies engaged in the manufacturing and supplying of finished leather. The excellent quality and superior performance of our innovative range of finished leather has been widely recognized by our clients. Under the able guidance of our mentor, mr. Irshad ahmad, we have been able to attain formidable position in the industry and establish a wide clientele base across different parts of the country. Mr. Irshad wide experience and keenness to follow ethical business practices has also been a source of inspiration for all of us, which helps us to meet the defined market targets. We have left no stone unturned to ensure complete satisfaction of our clients. For the same purpose, we test our range of finished leather stringently on various parameters before supplying them to our clients. Moreover, our transparent dealings have also earned us the trust and respect of our clients and helped us to maintain mutually beneficial business relations with them.
