## About Us

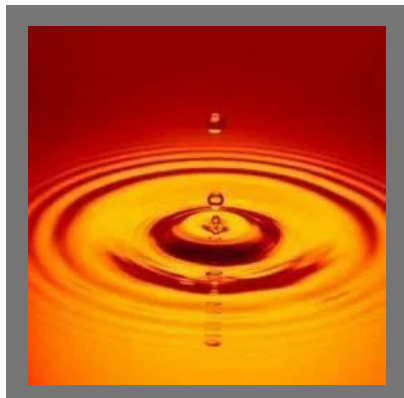

Based in Kanjikode, Kerala, Deepak Industries was established in the year 2001, with the core objective of manufacturing in quality industrial chemicals. Quality products, timely delivery and excellent after- sales services are the working principle of the company since its inception. The company exports and supplies Industrial chemicals keeping in view the requirement of the clients. Continuous hard work and ardent headship of Mr. P. Gopalakrishnan Menon, the CEO, of the company has been the motivating force behind the company's success.
