About Us

Since foundation **Deeshika Enterprises** Established in 2015 has come up as one the most efficient firm **manufacturing and supplying** best series of **Waistcoats, Car Cover & Bike Covers**. The products that we supplied are developed with the help of supreme quality basic component and material that guarantee its robust construction, light weight, easy use and longer service life. We constantly keep upgrading our facilities to supply our customers precision engineered series in competitive rates. The firm undertakes sound planning, installing, commissioning, after sales support and custom designing of our range as per customers requirements. We have up to date manufacturing unit that enables us to cater to all the needs of clients within the defined time frame. Our mentor, **Mr. Deepak Kumar** the proprietor of the firm, has facilitated us to capture the industry. His managerial proficiency has helped us to supply a comprehensive product range to our clients. We have achieved heights of success in a short period of time.
