About Us

Defence Equipppers was established in the year 2001. We are the leading Manufacturer and Supplier of Sleeping Bags, life Jackets, Ropes, Tents, Tracking Shoe, Tracking T-Shirt, etc. Incorporating them in our products. We have attained a competitive edge over others in manufacturing superlative quality of our products. They are made of the best materials and are known in the market for their durability and excellent quality. Our product design philosophy embraces principles of high quality in conformance with various local / international quality standards, durability, user friendliness, aesthetics, environmental awareness and cost effectiveness. Our state-of-the-art management systems and our customer-centric approach ensure high quality and prompt service to our customers.

We have hired the personnel with dynamic skills. The professionals working with us are aware of their duties and responsibilities and make sure that they perform up-to-the-mark. Our professionals are highly dedicated and ensure that the work being given to them is accomplished in most efficient manner with great accuracy. We are serving the customers with best quality products as our vendors are serving us with the material of premium quality. They ensure that premium quality material is delivered to us. So, that the quality of final range does not get affected with bad quality product. We select the vendors on the basis of material they are offering, on what price and the delivery schedule they...
