Derk Industries

<https://www.indiamart.com/derkindustries/>

We are a well-known Manufacturer and Supplier of highly reliable array of Transmission Pulleys, Flexible Couplings, Transmission Bushes, etc. The offered range is manufactured with high precision as per the global quality standards.

About Us

Established in the year **2009**, we “**Derk Industries**” are affianced in **manufacturing** and **supplying** a comprehensive range of **Transmission Pulleys, Flexible Couplings, Transmission Bushes, Slide Rails, Chain Sprockets** and **CI Castings**. Used for mechanical power transmission purposes, these products find extensive usage in several industries. By following international quality standards, we manufacture these transmission products from quality assured raw material and the latest technology. Our offered transmission products are applauded in the market due to their features like excellent strength, sturdiness, durability, precise dimensions, corrosion resistance and easy installation. We provide these transmission products in several specifications, in order to attain the maximum satisfaction of the clients. Quality of these transmission products are stringently tested on diverse parameters in order to provide defect free range to the clients. Furthermore, we provide these transmission products in large quantity within given time period.

Located at **Rajkot (Gujarat, India)**, we have constructed a large and well structural infrastructural base that helps us in making quality assured range of transmission products. Sprawls over a wide area hence we have categorized this unit into sub-departments like R & D, admin, sales, procurement, production, quality testing, logistic, transportation, warehousing, packaging,...
