<https://www.indiamart.com/dharmaengineering/>

We are engaged in the manufacturing of **Hose Cap, Hose Ferrule, Hose Fitting, Sheet Metal Cap and Fuel Injected Adapter**. We also offer customization facilities.

## About Us

Established in the year **1987**, **Dharma Engineering Works** has become one of the market leaders in the manufacturing **Hose Cap, Hose Ferrule, Hose Fitting, Sheet Metal Cap and Fuel Injected Adapter**. Our wide range of fittings is manufactured using the best quality raw material procured from high end sources in the industry. Our products are manufactured using highly advanced machines that work with utmost precision and accuracy.

To facilitate our manufacturing unit, we have a spacious warehouse that is equipped with all the modern amenities. Also, we have an extremely efficient workforce, which takes care of every aspect of our manufacturing work. Our professionals are well trained and experienced in their respective fields and extremely dedicated towards achieving personal and company targets. The workforce includes engineers, technicians, quality inspectors, researchers and warehouse & packaging supervisors. It is due to their cumulative efforts that we have become a preferred brand in the industry and developed an enviable clientele, which includes esteemed companies like Imperial Auto Industries. We are also proud members of the prestigious Small Scale Industries (SSI) association, which has boosted us into the big league in the market.

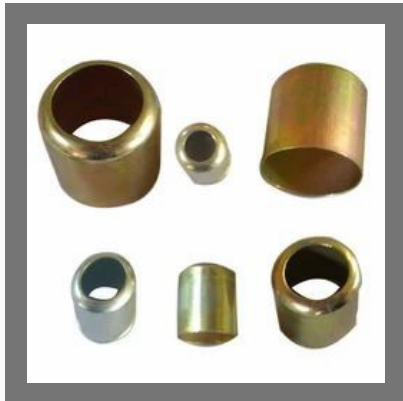

We owe our success to our respectable proprietor **Mr. Sukhpal Saini**, under the guidance of whom we have grown from strength to strength. His unmatched expertise and knowledge in this field...
