About Us

Dharmendra Rathod Company was started in 2005. We offer our esteemed clients with painting services for exterior coating of buildings. We can assist you in making the right choice of color depending on your taste and preferences for your buildings. Further, we make use of high quality paints which have excellent thermal insulation and waterproofing properties. Our highly professional staff members complete this job with the extreme preciseness within the committed time frame.

With the continuous support and sincere efforts put by our experienced professionals we have been able to provide our clients a premium grade Water Proofing Service. Our skilled professionals provide this service after they meet our precious clients and render it in the best possible manner. These Water Proofing services are the most reliable and offer great satisfaction to the customers.
