<https://www.indiamart.com/dhiman-system-ltd/>

Manufacturer and exporter of Candy, Toffee, Lollipop and Bubble gum processing, forming and wrapping machine with Lab. Equipment

About Us

Dhiman Systems (India) Pvt. Ltd. having its brand name DSIL was started by Mr.P.D.Dhiman on April 2, 1986 with the blessings and guidance of his grandfather Founder of Dhiman Group. The main purpose of this unit was to develop latest, high speed and high technology machines. DSIL is professionally managed company having a team of dedicated, qualified and competent people working for it, who can rise up to any challenge. Most of the operations of the unit are computerized right from procurement of material to designing, production, marketing and finance etc.

The machines are designed in line with latest international standards and technical expertise. It has served many prestigious and largest orders from leading national, multinational and foreign companies. The after sales service provided by DSIL is one of best available in the WORLD. DSIL have mastered the concept of supplying complete confectionery plant and handing over to customers in full swing with complete technical know-how and personnel training. Due to this the company has been able to build up an excellent international reputation. DSIL has supplied machines all over India and exporting machines to quality conscious Europe, Africa, Middle East and Asia.

The major sales promotion media of DSIL is the existing valuable customers who are well satisfied with quality of machines and hence refer DSIL machines to others. Contact for your requirement, and DSIL shall be happy to evaluate your specific need...
