About Us

Established in the year **2010**, we “**Dhruv Agri Products**” are one the eminent names engaged in processing and supplying a qualitative range of **Pomegranates**. Under this range we offer **Ruby Pomegranate, Ganesh Pomegranate, Bhagwa Pomegranate, and Sendry Pomegranate**. In addition to this, We process these pomegranates in compliance to the international quality standards. Besides, all the products offered by us are widely acknowledged by the customers for their natural aroma, great taste and excellent quality. In addition to this, we provide the entire range of products in hygienic and qualitative packaging in order to retain its natural properties. Being a rich source of various vitamins such as Vitamin C and B5, these pomegranates are highly appreciated by the customers across the country. We have developed a well-sophisticated infrastructure that helps us in catering the emerging demands of the customers. Spread over a vast area, our manufacturing unit is segregated into various sections such as sales and marketing, packaging department, quality controllers, to name a few. These professionals' works in close coordination with each other to offer an excellent quality product to the customers. Further, these professionals work in sync with the customers to know their further requirements and demands and then incorporate every single detail in the processing of the products. Along with this, our team of quality experts...
