Our firm is an ARAI certified and CPCB compliant Manufacturer, Exporter and Supplier of a qualitative range of Silent DG Sets (Silent Diesel Generators). These products are highly appreciated due to their durability and efficient functionality.

About Us

An ownership change in November 2011, due to the sad demise of Sh. Arun Sharma, did not change the vision & mission of the organization and remains committed to meeting customers' needs. It is fortunate that the majority of its employees and valued Channel Partners have been with the company for more than 1 decade. Every employee is given an equal opportunity to develop himself and grow in his career. Continuous training and retraining, career planning, a positive work culture and participative style of management have engendered development of a committed and motivated workforce setting new benchmarks in terms of productivity, quality and responsiveness. They put their experience and expertise to work for customers day in day out. The company's mission statement is to provide superior products at very competitive prices, unmatched services and value through unwavering honesty, integrity, sincere efforts and a thorough commitment. We cater to various verticals like Residential/Commercial Apartments, Hospitality, Health Care, Educational Institutes, Large Retail, Manufacturing, Defense & Government Establishments etc through our product offerings from 10 KVA – 2000 KVA with a responsibility towards a green eco system. The company is striving to give shape to its aspirations and fulfill the expectations of the country & overseas, to become a renowned brand in the global space.
