About Us

Digital Information Systems Private Limited was established in the year 2001. Digital Information System is one of the leading solution providers in the field of windows & web application development based on the .net, and other platforms. Our team of highly skilled and qualified professionals have hands on experience on SAP, ORACLE, SQL, ASP.NET 3.5, 4.0 C#, VB.NET, VB6 and similar such technologies supported by the .net and open source platform. Our expertise is in converting business models to effective long-lasting business software solutions. Our committed teams have a unique blend of functional knowledge, technical expertise, and result-oriented management experience ranging from database management to developing full scale Commercial- Movement/Security Systems/Contractor-Manpower-Mgmt. Sys-tem/Tracking-Systems/Visitor-Appointment System solutions.

Digital Information System always tries to create great value and productivity gains for the clients by providing quality solution to various business functions. We bring good experience in information technology, customer service, and global operations by continually combining our strategic thinking with the best in Technology , People, and Process.
