About Us

In the past decade and a half there have been rapid changes in technology. The advent of the computer has completely changed the earlier analog system to the digital system. This creates a need to convert precious archival analog audio video tapes to digital. Often this is a tedious and at times expensive process but if not done could result in the permanent loss of valuable footage and audio. We do not believe in compromising on quality and deliver to the absolute satisfaction of the client. We do best audio video transfer service in Delhi, Mumbai, Chennai, Calcutta, Bangalore, India including broadcast media conversion, camera tapes conversion, i.e. Transfer, Encoding, Blu Ray Transfer, DVD, VHS, VHS-C, Hi-8, DV, DVCAM, DVCPRO, HDV, Umatic, BETA, DIGI BETA and we use professional equipments for digital conversion process. In Film Transfer category we are the leading 8mm films, Super 8 films, 16mm films and 35mm slide transfer to digital or DVD. No one else offers anything like it, and the results are stunning! We can transfer also Audio Cassette, LP Records, Micro Cassette or Reel to Reel Tape Transfer or Dat Audio Transfer to CD/MP3/Wave etc.. But remember, we're talking about preserving priceless memories that cannot be replace. We can transfer these sources into Blu Ray Disk or DVD, Mov or AVI files, HDV, HD-AVI and uncompressed HD. We can also transfer slides to DVD, JPG and TIFF files.
