We are one of the leading manufacturers and exporters of a wide range of telecom equipment and associated components. These are appreciated by the clients for high receptive to signals, wide frequency, easy installation and precise engineering.

## About Us

Incepted in the year 2008, Dinesh Micro Waves & Electronics is a manufacturer and exporter of a wide range of telecom equipment and associated components. These include Telecom Solution, Antennas & Systems, Training Kits, Anechoic Chambers, Testing Antenna, Testing System and Satellite System / Broad Casting & RF Solution and power supplies, ac power supplies, dc power supplies, dc convertors etc. Fabricated using quality raw material and advanced technology, these are appreciated by the clients for high receptive to signals, wide frequency, easy installation and precise engineering. Capitalizing on our technical expertise, we also undertake turnkey projects towards the supplies, designing and installation of telecom equipment and associated components.

We are backed by a highly proficient team of experts who assist us in developing optimum functionality based range of telecom equipment and associated components.

Our manufacturing unit has technologically advanced machines to assist our technicians in the manufacturing process. We conduct strict quality tests to check the accuracy of the entire range of equipment. The quality tests are based on the parameters of design accuracy, sturdiness and material strength, which ensure the quality and durability of telecom equipment and associated components. Further, we have invested nearly 25% of revenues in R&D departments to be on the forefront of innovations.

We are...

# TELECOM SYSTEMS

What We Offer

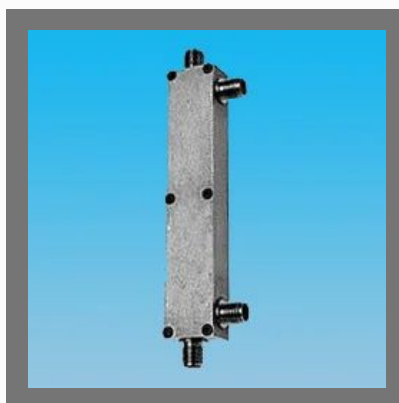

Telecom Shuttters and Enclosures

Wave Guide Components

Telecom Component

Coaxial Couplers

# ANTENNAS & SYSTEMS

What We Offer

XEPOL BTS & XPOL Antenna

BTS Antenna

BTS Antennas

Antenna Remote Control Unit

## TRAINING KITS

What We Offer

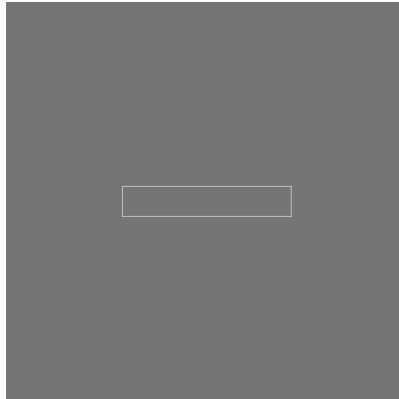

Micro Strip Training Kits

Radar Communication  
Training Kits

Microwave Training Kit

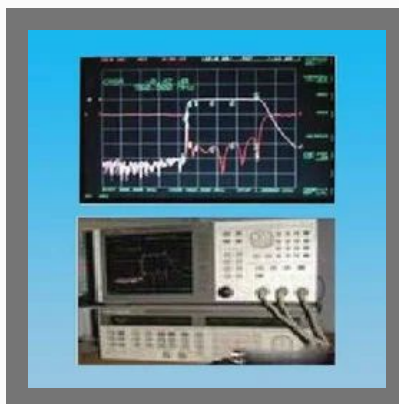

Mic Training Kits

# SATELLITE SYSTEM / BROADCASTING AND RF SOLUTION

What We Offer

DSNG / OB Van

Communication System

Antenna Positioners

## TESTING ANTENNA

What We Offer

Biconical Antenna / Triblate /  
Horn

Hybrid Log Periodic Antenna

Precision Dipoles / High  
Power

# TEXTILE MACHINERY

What We Offer

Textile Machinery

Textile Machines

Embroidery Machines

## OTHER PRODUCTS:

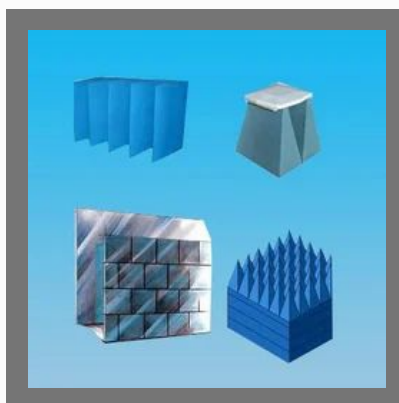

Telecom Towers & Accessories

Triband Antenna

Anechoic Chambers

Absorbers

# Factsheet

Year of Establishment	: 2008
Nature of Business	: Fabricators
Total Number of Employees	: 11 to 25 People
