About Us

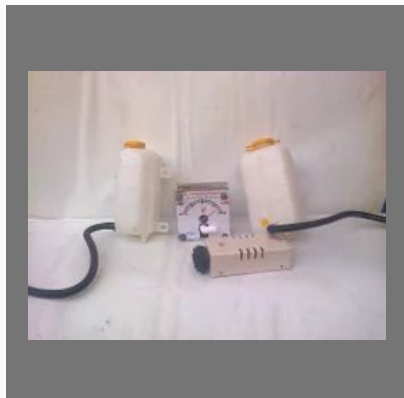

Established in January 2004, Divekar Appliances is a proprietorship company engaged in manufacturing of inverters ,inverter & automobile batteries under brandname URJAKING, electronic ballast for tube under brandname URJASAVER , stabilizers, emergency lanterns, high voltage protectors, phase shifters, etc. Our products carry highest warranty as well as best after sales services and a wide dealer network. Our products come in use in different operations from industries to government offices etc. We manufacture and assemble using quality raw materials. Apart from manufacturing we also do research work on tapping solar energy and utilizing it for future use. Our efficient delivery system ensures that all products reach their destinations within the stipulated time frame and at reasonable rates. We also pay considerable thought for packaging of products to prevent them from adverse conditions like varied temperature and avoid any kind of breakage while transporting.
