# Doli Industries

<https://www.indiamart.com/doli-industries/>

We are a prominent supplier and service provider of high quality Electrical Products. These products are known for precision engineering, efficiency, durability, reliability, compact designs and safe to use quality.

## About Us

Established in the year **2001**, “**Doli Industries**” has carved a respectable niche for itself as a supplier and service provider for varied kinds of **Electrical Products**. These products are highly appreciated for their fine finish, compact designs, safe to use nature, precision engineering, durability, reliability and efficiency. Located in Pune (Maharashtra, India), our head office is a state-of-the-art building, which acts as a central point from where all transactions take place. It is manned by highly qualified professionals, who leave no stone unturned to procure the best possible products for the clients. The quality auditors ascertain that the vendors comply with international standards in all their procedures. We have hired a highly skillful logistics team, which is capable of delivering bulk quantities of products in a damage-free state and within the stipulated time period. Slowly and steadily, we have managed to acquire a widespread client base, which spans across a vast area. Our clientèle list includes big names like ABB, Legrand, Wipro and Klinit. These clients have maintained long term relations with our enterprise and depend upon us to offer quality products at cost-effective prices. Under the able guidance of our mentor, ‘**Mr. Rahul Modak/ Mr. Prosanta Modak**’, we have catapulted into the topmost organizations in this domain. His skills and leadership qualities have helped us surge forth with...
