About Us

The eye is the most important sensory organ of the body. It is the window to the world. It plays an important role in acquiring the knowledge and invention of new advancements. Thanks to new latest techniques like micro incision, high precision cataract surgeries, surgeries for freedom from spectacles. Lasers and ultra sound waves converted the mere conventional treatments to near natural restoration of structural and functional integrity of eyes.

Dr. Nandas Eye Care Centre its expansion project is opening an exclusive specialty eye hospital at Dwarka, New Delhi. The hospital provides quality eye care with the help of finest equipments and matching expertise to needy patients in contemporary world of eye care establishments.
