About Us

At Dream Decor. We bring to you chic, versatile and modern interior wall panels which amalgamate comfort, love, joy and security with satisfaction and style. In addition to being biodegradable, these panels are eco friendly and are known to place emotions behind walls giving a new dimension to domestic and commercial interior- designs. Our vast product range showcases a variety of vibrant yet subtle colors and profiles. It adds the X-factor to your ambience that will seal the void between aspirations and realizations.

Product synopsis: Interior panels are made of expandable polystyrene 75% and high-impact polystyrene 25% which help it sustain temperature up to 150 degrees. This product is extruded in the form of sheets and stamped with foils of various colors or textures. Some panels have an embossed or engraved design that adds to its appeal. Since the interior panels, contain hardwood charcoal powder, it has an excellent additional affect of removing foul odours caused by hazardous chemical components and sick house syndrome. The charcoal panel, an environment friendly material, simultaneously satisfies the needs for high-grade interiors and healthy. These charcoal panels are free of deformation, warping, or decay due to moisture while wood Moldings and MDF are weak in moisture and deform easily. It also offers an excellent economic advantage over MDF or wood mouldings in term of price. Our bespoke product range suits...
