# Drinkwell Boring & Development Company

<https://www.indiamart.com/drinkwellboring/>

We are engaged in Trading and Supplying Submersible Pump, Mono Submersible Pump, Mono Block Pump, Submersible Panel Board and Submersible Cables. Procured from reliable vendors, these are well-known for corrosion resistant and reliability.

## About Us

We are the pioneers in “Innovation is Reality and Practicality” in the sphere of bore wells and its related products. **Drinkwell Boring and Development Co.** was established in **1975** and since then has been on the trail of success in the industry.

We offer services ranging from **Deep Industrial Bore Well, Rain Water Harvesting, Dewatering and Earthing**. We are the pioneers and the only ones who have taken an initiative to start an online multi-brand trading portal to cater to needs of all bore well related products such as **Submersible Pumps, Panels and Cables** to facilitate customers to get these products with the click of a mouse and get the product delivered right at your doorstep. Apart from that while ordering you can compare and contrast various products and choose the one that suits your pocket the best. We have been associated with **IOCL (Indian Oil Corporation Limited)** as their trusted partners since **1982** and delivered successful projects to them which have fostered this association from the past 21 years and still counting. Drinkwell has a lucratively and adaptable driven team and machinery which has enabled us to dig the bore well at the highest petrol pump of the world. We convert the concepts and innovations into a practical instrument of success so dreams shape into reality.
