

Duttcon Consultant And Engineers

<https://www.indiamart.com/duttconconsultantengineers/>

We are one of the leading service providing engineering consultancy services, offering engineering and IT solutions. Our organization follows an outsourcing strategy that focuses on cost-effective and flexible businesses.

About Us

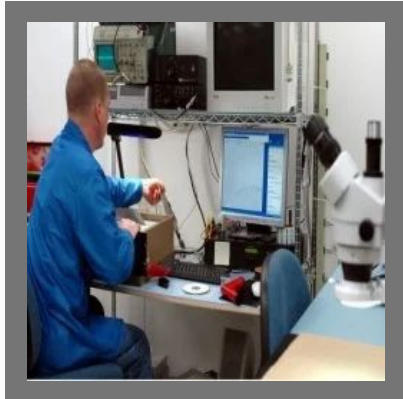

Established in the year **1992**, we, '**Dutton Consultants & Engineers (DCE)**', are engaged in providing **Engineering Consultancy Services**. These services focus on the offering flexible and cost effective **engineering & IT solutions** to industries associated with electromechanical engineering & re-engineering projects, mechanical engineering & fabrication, civil engineering & construction and service industries through testing & failure analysis. Our organization has another separate wing by the name of '**Duttcon Industries (DI)**', in addition with an association with '**NABL**' **accredited Laboratories for Physical & Chemical testing calibrations**. We are involved in conducting mechanical, chemical, metallurgical and non-destructive testing for metals, & non metals in our own testing laboratories. Further, we undertake failure & investigation jobs and RLA jobs. The DI unit undertakes engineering projects, mechanical, metallurgical, oil, gas pipeline fabrication work and pressure vessel fabrication. Together, DCE and DI have emerged as a high profile organization with a vast knowledge bank and many years of expertise. We have our very own fabrication section and foundry in **Uttarpara, West Bengal**, from where, Non- Ferrous Aluminum Castings are produced. Our organization has hired some of the most proficient and experienced professionals who are professors and research...
