We are Wholesale Trader for a comprehensive range of Electronic Automation Products. The robust design of our products provides ease in maintenance along with uninterrupted performance.

## About Us

We "**Madhu Electro Industrial Automation Private Limited**" was established in the year **2009** as a sole proprietorship firm at **Chennai, Tamil Nadu (India)**. Our company is a Wholesale Trader for Automation products such as **AC Motor Drives, Programmable Logic Controllers, Delta Standard HMI, Industrial Ethernet Switches, Mitsubishi MCB and PLC Control Panel, etc.** These products are widely acclaimed and demanded, owing to their operational precision, modularized design, reduced maintenance and wiring cost, reliability and high efficiency. Our trade activities are dynamically managed and executed by our proprietor. Our proprietor is solely responsible for client handling, strategist business policies and serves as a link between clients and management. Moreover, puts in extra efforts to meet the set deadlines and thereby, increase productivity. Their rich industrial experience enables us in comprehending the involved business procedures in a better way.

Following strict recruitment standards, we have hired self-driven, knowledgeable and focused individuals. These individuals are given key roles and duties based on their experience, qualification and confidence levels. Our sales and marketing personnel are instrumental in expanding our distribution network that helps us in timely delivering of products at clients' location. The collective efforts of our team of professionals have enabled us to become a shining star of the...
