About Us

Ellar Metal Parts is the known name in the metal part making industry. Our company was started in the year **2012 at Chennai in Tamil Nadu, India**. **Ellar Metal Parts** is the **sole proprietorship** based company, which is involved in the **manufacturing and supplying of Forging Spare Part, Stainless Steel Fastener, Stainless Steel Component** and many more. These products are produced by using excellent quality material that we sourced from most trustworthy companies all over the nation. We strictly check this material at our end before using it for production process in order to eliminate any flaws. Also, our products are known for their sturdy construction, quality finish, reliable operations, affordability, long service life, rust proof nature and total customization. We keep the two main characteristics of our product in mind while designing them that are portability and technology. Moreover, being a customer oriented company, we also keep the given specifications of our customer in mind while providing and producing these products. **Ellar Metal Parts** is the prestigious and trustworthy company in the industry that is dealing with metal parts. This is possible under the leadership of our experienced and knowledgeable **proprietor Mr. P. Mayil Vaganam**. Also, our company has achieved many target and objectives in very less time period due to his effective business strategies and ethical business practices. Today, we...
