Emit Engineering & Construction Private Limited

<https://www.indiamart.com/emit/>

We are manufacturing, supplying and exporting a wide range of EHT Substations, Control Panels, Power Lines, Power Transformers etc. These are manufactured under quality control measures and ISO certified. We also provide Installation Services.

About Us

Having established our roots in the construction and manufacturing industry in **1988** as a Company, **Emit (Electric) Private Limited** is a private limited company. The company **manufacture, supplies and export** and involved in **EPC (Engineering, Procurement and Construction) contracts**. EPC is an emerging market and has its importance worldwide as the complete the line of activity of designing, supply, installation and maintenance can be handled by a single agency. Being an ISO 9001:2008 Certified Company, we have grown as a company as we are one of the leading supplier and exporter too, and have so proven ourselves to be of vital importance in the industry. We, here at, EMIT Corporation undertake EPC contracts which involves design, engineering and manufacturing of Power Substations, Control Panels, Power Lines, Power Transformers, Low Voltage Bus Ducts, Low Tension Cables, Electrical Panels, Lighting system & Installation Services. We design systems, considering the safety, operations, cost effectiveness, quality and durability. Speaking of quality, we have the ability to perform the services in best ways possible. We make sure that the product is reliable, maintainable and sustainable for the desired use. Product quality is best in the market as compared to the competitors. We aim to improve and grow as per customer satisfaction. For such purposes we have a leading team of managers & customer care services who dig deeply into...
