Energy India was established in 2011. We are Supplier of Slate Coal, ROM Coal, Steam Coal etc. All the products are thoroughly checked before they are passed for the distribution and any defect is detected at the earliest stage.

About Us

Energy India was established in 2011. We are Supplier of Slate Coal, ROM Coal, Steam Coal etc. All the products are thoroughly checked before they are passed for the distribution and any defect is detected at the earliest stage. Owing to hard work & honesty of our workforce and sufficient resources, we have been growing and expanding the compass of our business. Our honest business approach and transparent payment options for fair and convenient transaction according to the choice of customers are the chief tools for getting a wide list of satisfied clients as well as reaching out to new clients.

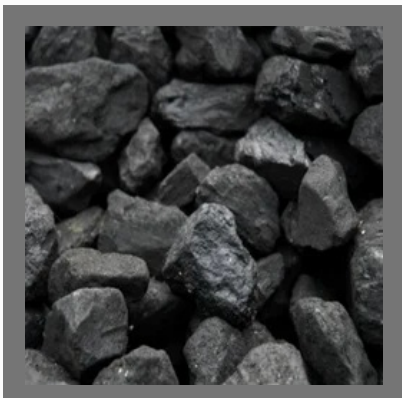

They also perform in-house quality testing to ascertain the quality of our products. Because of immense knowledge and exemplary services, we have established relationships with the top quality in the business. Our rich vendor base allows us to allow timely delivery of our products thereby maintaining our market credibility and trust of our clients. Using our wealth of knowledge and extensive supplier base, we are able to source products to meet the requirements within the specified timescales. Besides, our efficient team of technocrats and professionals has profitably grown the company while continuously improving the quality of our products and services. Ensuring a high level of coordination at every level, they have helped us immensely in culminating strong trading performance and recognition in the market place.
