ESOP Guardian is developed by Corporate Professionals eSolutions, the IT arm of Corporate Professionals, a fast mounting consultancy group in India. With a humble start in 2003, Corporate Professionals has grown into a multi-disciplinary mega firm.

About Us

ESOP Guardian is developed by Corporate Professionals eSolutions, the IT arm of Corporate Professionals, a fast mounting consultancy group in India. With a humble start in 2003, Corporate Professionals has grown into a multi-disciplinary mega firm of more than 110 professionals devoted to continually pursuing to achieve the excellence. The group is known for its steep growth rate and incessantly carving out inimitable solutions in financial and legal framework. Within a short span of 10 years, the group has earned laurels of successfully serving more than 2000 Clients. ESOP Guardian is yet another step towards creating innovation in the Indian legal space. The product is developed with a single minded approach of automating processes so that efforts can be directed towards more productive works along with creating value added tools for various users. It is a result of expertise developed by our team by way of delivering wide array of services in the ESOP domain during the last 10 years.

Corporate Professionals eSolution is a product based IT company, creating niche and innovative solutions primarily in Indian Legal Space. We bring together a winning combination of domain Knowledge and Technology.
