About Us

Exelton is an Information Technology (IT) Services & Consulting company and a lead provider of web and business software solutions suited to specific needs of Clients. Our staffing solution includes resource acquisition for permanent & contract placements . We have the streamlined process to recruit the resource with the right Education background, Technical skills, Aptitude and work ethics.

Exelton is the preferred IT partner for the big players in the industry across various industry verticals by helping them meet the new challenges of IT innovations. Our project managers, architects and developers come from extensive backgrounds in industry and corporate work. Thus, we begin every project by seeking to understand how to best align the technology with our customers business strategy and processes.

Exelton's Custom Application Services provide full lifecycle support from design and architecture through development, testing and deployment. Exelton thrives in the cutting edge technologies that enable business value through custom applications. Exelton's architects have extensive experience in SOA software design and development that can ensure a successful technical approach.

We focus on providing web solutions to the Small Business segment at very competitive rates. Our web solution includes developing brand new websites, web hosting, website maintenance, Search Engine Optimization(SEO) ,Multi Media Flash Banner designing,...
