Extreme Engineers

<https://www.indiamart.com/extremeengineers/>

Extreme engineers is a trusted and reputed name, engaged in executing different types of survey service with high accuracy and promptness.

About Us

Established in the year, **2000**, we, **Extreme Engineers**, are one of the eminent organizations engaged in conducting various kinds of surveys with the help of the latest electronic total station machines. The services are appreciated for their effectiveness and accuracy by clients across the world. **We are looking for local query from Pune only.**

We are backed by a team of competent surveyors and engineers, who possess thorough knowledge of their respective domains, and are able to carry out surveys for a vast range of purposes. The experts use advanced survey instruments and software to accurately calculate the statistics of the area. Further, our professionals maintain transparency in business dealings and employ ethical policies. With their support, we have acquired a rich clientele across the Indian Subcontinent. Some of our esteemed clients are Coco-Cola Beverages Ltd., Raymonds Suitings, M/s. Vani Enclave and M/s. Veracity Landmarks.

Our organization is led by our mentor, Mr. Kadam, who has industry experience of many years and possesses in-depth knowledge of this domain. Under his able guidance and constant supervision, we have emerged as one of the sought after service providers in the market.

We feel pleasure to introducing our company as land survey based company in India and is backed by highly qualified experienced surveyors & engineers also other personnel for executing everything in land survey works all over...
