

Finetune Electronic Industries

<https://www.indiamart.com/finetuneelectronic-industries/>

We are the leading Manufacturer, Supplier and Trader of LED Light & Power Light. Offered range is highly appreciated in the market for features such as reliability and durability.

About Us

Founded in the year **2005**, **Finetune Electronic Industries** is the most prominent Manufacturer, Supplier and Trader firm dealing in best in class range of LED Light & Power Light. Our industrial expertise reflects in our offered quality tested gamut of products, which includes much anticipated LED Street Light, LED Dome Light and LED Tube Light. Our line of products is developed by procuring premium grade raw materials, which makes it widely acclaimed for its industry proven designs, robust construction, weather proof performance, low power consumption, high illumination, maintenance free service life, and competitive price bands.

Due to our highly productive manufacturing base we have gained trust and confidence of a huge client base from residential, commercial and industrial sector. We have developed a technologically advanced R&D facility that equips us to underpin our environmental concern by designing innovative and energy saving product range. Further, the offered product range is delivered within the desired time frame due to the allied support of recognized vendors and logistics companies. In addition to this, technological advancements streamline our distribution networks which resulted in pan India presence for our line of products. Further, a rich support of positive client feedbacks empowers the diligent efforts our team puts together to become a pioneering entity.

The vigilant perspective and strong business acumen...
